“The best thing about Summer Session was the class size. The smaller class size really generated a lot of camaraderie between my classmates and me. We all knew each other by face if not by name.”
— Alex Laemmle

“The small class size, especially coming from a STEM major, was definitely more individualized. I was able to focus on one course and really get the course material down.”
— Elijah Yogo-Shakoor

“Summer Session allowed me to be more focused on one class instead of 5 other classes.”
— Wen Shao

“Taking summer courses was really fundamental in staying on track for graduation. I can now graduate on time!”
— Katherine Tapia

“During the Summer Session, I took a course that was a little out of my comfort zone. The course definitely opened me up to technology and allowed me to work full time while going to school.”
— Patricia Rodgers
What is the Summer Session?
The Summer Session at Rutgers University–New Brunswick allows students to:

• Earn up to 12 credits during the summer
• Focus on just one course at a time
• Interact with professors and classmates in a small classroom setting
• Choose from a wide variety of online, hybrid, and face-to-face courses
• Experience something different with short travel courses, field experiences, and research opportunities

Benefits of Summer Session
• Stay on track for graduation
• Improve your GPA
• Reduce your course load for fall or spring term
• Fulfill a prerequisite or degree requirement

Campus Life
Enjoy a vibrant and busy campus, this summer. Participate in dozens of activities including barbecues, movie nights, campus speakers, and more. In addition, campus recreational centers will be open for swimming and other physical fitness activities. Learn more at summer.rutgers.edu/nb.

How to Register
